Advance Cost Accounting 401 Problems

Preparation of such external reports is referred to as financial accounting. In contrast, cost or managerial accounting is intended to aid internal managers in their responsibilities of planning, monitoring and control. Project costs are always included in the system of financial accounts associated with an organization.

12. Cost Control, Monitoring and Accounting

Accounting is the "language of business," a system for collecting, classifying, measuring, and communicating financial information. While this language includes familiar terms like revenues and costs, assets and liabilities, and profits and losses, accountants use them in specific ways to express key details about the financial health of a company.
