Affective engagement. Affective engagement is sometimes called “emotional engagement.” This dimension of learner engagement deals with people’s emotional responses to learning. In general, positive emotions are correlated with higher achievement and self-regulation (Xie, Heddy, & Greene, 2019). However, that isn’t necessarily always true.

Towards Social and Affective Machine Learning, Natasha Jaques

Affective development is the development of emotions as well as their outward expression that begins in infancy and progresses throughout adolescence. It encompasses the awareness and discernment of one's emotions as well as those of others, the ability to connect emotions to those of others, to display emotion, and to manage one's own emotions.

Affective Development | Play Encyclopedia

However, learning from humans’ affective cues requires recognizing them first. In the third part of this thesis, I present several machine learning methods for automatically interpreting human data and recognizing affective and social signals such as stress, happiness, and conversational rapport.

Social and Affective Machine Learning — MIT Media Lab

The social constructivist approach which Barnes refers to emphasises the social nature of learning. This emphasis is also shared by current approaches to adult learning. For example, Lea (2002) refers to the ‘social turn’: the shift from an individual approach to a much more socially and culturally based approach.
