to both the caravan and towing vehicle.

AL-KO Enduro Independent Trailing Arm Suspension

NEW AL-KO ENDURO X™ CARAVAN SUSPENSION REDEFINED AL-KO is proud to introduce its new suspension system for caravans. ENDURO X™ is designed to ensure next-generation performance and handling in unpredictable, off-road conditions. It's the kind of breakthrough you'd expect from a global market leader - exclusive new technology, lightweight construction for improved handling, premium AL ...

AL-KO Enduro X - AL-KO

AL-KO conducted extensive durability testing, equivalent of over 150,000 real world km in testing before I took the wheel to add a few dozen more. On the black-top, there was no discernible difference to the old Enduro which is a good thing as AL-KO's trailing arm suspension is one of the best for safe, predictable

AL KO Enduro Outback Independent Trailing Arm Suspension ...

Enduro X introduces a 'clamshell' suspension arm, which Al-Ko says reduces the weight of the suspension system "while maintaining the strength needed for the harsh Australian conditions". "The lower unsprung weight delivers handling and performance benefits, while automotive grade black eCoat helps ensure rust and chip resistance," Al-Ko says.

Al-Ko Launches Enduro X - GoRV

Twin shock absorbers per wheel are also available optionally on AL-KO's non-load sharing tandem Enduro Outback systems that can be rated at up to 4.1 tonnes. AUSSIE TESTED The most reassuring thing about AL-KO's Enduro suspension is that it is truly designed and tested in Australia for the harshest local conditions.

...

AL-KO says the Enduro X system was tested to integrate seamlessly with modern caravan features such as AL-KO Electronic Stability Control (ESC). The launch of the Enduro X comes only a few months after AL-KO announced the launch of its new lightweight 'LightR' chassis system , indicating the brand is committed to the continued development of lightweight yet durable off-road caravan hardware.

RV DAILY | New AL-KO Enduro X suspension system hits the ...

Joining the off-road Outback and rough-road Cross Country set-ups in Al-Ko's ever-expanding Enduro suspension range, the new Touring set-up is designed as an alternative to traditional leaf springs for touring vans and campers that stick mainly to the bitumen, with the occasional foray onto graded dirt roads.

AL-KO releases soft-roader suspension ...

Al-Ko Australia boss, Sven Mannfolk said the impetus to develop the new 'Enduro Light' stemmed from demand from the caravan industry and chassis manufacturers. "Since releasing our Enduro Suspension for extreme off-road conditions, we have had a fantastic response from both caravan owners and manufacturers who had been waiting for a high quality solution from Al-Ko", he said.

Al-Ko expands coil suspension range - caravancampingsales ...

Al-ko Long Shock Absorber - Highway and Offroad. Al-ko Long Shock Absorber suit axles up to 2000kg. Suit Enduro, standard beam, overlay and drop axles. Replace shock absorbers when they lose compression. Compression loss occurs when the cylinder has been ruptured and suffers a loss of gas or oil.

Al Ko Enduro - alfagiuliaforum.com

The result is the Al-Ko Enduro Cross Country suspension and we tested it recently under a Nova Pride Platinum. However, Nova is not the first caravan maker to fit Enduro Cross Country; Concept has had a caravan running around outback Queensland to evaluate it, and many of the other major builders are looking at making it standard, or optional, on their premium models.
