The Ego and the Mechanisms of Defence | Taylor & Francis Group

The frame of reference of The Ego and the Mechanisms of Defence is Freud's second topography (structural theory). The subject of the book is the defenses developed by the individual ego in order to confront or avoid the conflicts provoked by the id in its relations with the ego and the superego. Anna Freud approaches psychoanalytic technique and theory, along with defensive formations, from the specific perspective of the observation of the ego through the mental conflicts in which it is ...
