Electrical standards and approved codes of practice ...

1.1.1 The purpose of this Electrical Safety Manual is to establish Berkeley Lab site-specific electrical safe work practices that meet regulatory requirements and match the types of hazards found on site. 1.1.2 The electrical safe work practices prescribed in this manual are mandatory, unless specifically indicated as a recommended practice.

ELECTRICAL SAFETY MANUAL

When employees perform work on energized circuits, as permitted by 1910.333(a)(1), tools and handling equipment that might make contact with exposed energized parts must be insulated in accordance with 1910.335(a)(2)(i). This work practice also reduces the likelihood of employee injury caused by an arc blast.
