Kubota L3301 compact utility tractor: review and specs ...

I have a case 580B backhoe with a 188 Diesel. I have rebuilt the engine. My problem is when I install the rocker arm assembly it will only turn so far and stop. It seems a valve is hitting the piston. Ive checked my timing crank to cam and is correct. Theres three dots on the cam gear. Two for crank and one for gear to injection pump.
