Lots of food items, beauty products, and medications are thrown away every year because of misunderstood expiration dates. Learn the difference between an open-date code, which gives you a recommendation on how long a certain item will be good for, versus a closed code, which tells you when an item was actually manufactured.

I took the liberty of my own free time to cut out and save all the lines in the Expiration Date short. I numbered them based on when they appeared. I also had some notes with some voice lines. I am not very experienced with splicing audio, but I hope this will suffice. Some Notes [6] and [7] are connected closely. [10] Has a guy moaning near ...
