Engines & Parts :: Komet Kart Sales

Not to be confused with the K55 of 1964, this engine is basically a reed valve version of the K80 mainly aimed at the American market. Komet K29 - 1981 For the 1981 season the CIK changed the formula for International karting increasing the engine capacity to 135cc. This demanded a completely new engine that was developed by IAME under the

The Komet Story - britishhistorickartclub.com

The crankshaft was developed from a totally new design (without plastic stuffers) and was fabricated as a one-off unit for testing. It utilized a billet 96mm connection rod from the IAME racing department's international Komet rotary valve kart engine program. The piston assembly was adapted from a Yamaha bike engine and featured two rings.

K P V - LynnHaddock

In 1961, together with his colleague and friend Cesare Bossaglia, he established Komet Italiana, a Company expressly dedicated to the Karting world. 1968 was the decisive year, Parilla and Komet joined together into IAME. "Italian American Motor Engineering" which name comes from the close relation with the United States.
