Political Dissent In Democratic Athens

Democracy (from Greek δημοκρατία (dēmokratía) dēmos 'people' and kratos 'rule') is a form of government in which the people have the authority to deliberate and decide legislation ("direct democracy"), or to choose governing officials to do so ("representative democracy"). Who is considered part of "the people" and how authority is shared among or delegated by the people has

election, the formal process of selecting a person for public office or of accepting or rejecting a political proposition by voting. It is important to distinguish between the form and the substance of elections. In some cases, electoral forms are present but the substance of an election is missing, as when voters do not have a free and genuine choice between at least two alternatives. Most

Deliberative democracy or discursive democracy is a form of democracy in which deliberation is central to decision-making. It adopts elements of both consensus decision-making and majority rule. Deliberative democracy differs from traditional democratic theory in that authentic deliberation, not mere voting, is the primary source of legitimacy for

James Madison (1751–1836), the chief author of the Bill of Rights and thus of the First Amendment, was the foremost champion of religious liberty, freedom of speech, and freedom of the press in the Founding Era. Madison played a central role in drafting, explaining, and ratifying the Constitution; after it was ratified he sought to reassure its critics by adding guarantees of fundamental ...

A case in point is that democratic political systems or regimes have not so far experienced revolutions (Huntington, 1968). Democracies, once consolidated, tend to have a political culture that promotes negotiations, give-and-take compromises, redistributive mechanisms, and institutions that deal with group demands; they also tend to be ...
