Start by reading through the manufacturer's operation instructions for your pop up camper. You will either find them in the user manual or on a sticker on the case of the furnace, the fascia, or inside the front panel. Make sure the instructions are specific to your model because there could be vital variations. Step 2

How To Light The Furnace In Pop Up Campers In 7 Steps ...

The first thing to check is if it is getting power. The furnace will be 12 volts powered from the battery. Your converter should be able to run the furnace when the RV is plugged in to shore power but we need to make sure that power is there. Check the fuse panel to see if there is a fuse blown. The 12 volts will start there and go to the furnace.

Forestriver-Rockwood RV gas heater wont work

RV Furnace Making a Loud Noise. Now, this isn't just a problem for me. It's also the problem for my neighbors. Nobody likes a loud RV furnace, especially the one that rumbles into the night like a motorcycle. Usually, this type of noise has something to do with the burners. If it does so, all I have to do is adjust the air-to-fuel ratio.
