Roman Military Equipment From The

Roman military personal equipment was produced in small numbers to established patterns, and it was used in an established manner. These standard patterns and uses were called the res militaris or disciplina. Its regular practice during the Roman Republic and Roman Empire led to military excellence and victory. The equipment gave the Romans a very distinct advantage over their barbarian enemies, especially so in the case of armour. This does not mean that every Roman soldier had better equipment

Roman military personal equipment - Wikipedia

A go-to shelf reference for all things Roman military. Great introduction to the wide and deep body of knowledge that is Roman military equipment. Not a dry scholarly dissertation on artifacts, but a quite approachable book to identify the various kinds of helmets, swords, belts, spears, etc. covering the centuries of the "Roman period."

Roman Military Re-enactment Gear and Equipment

The military engineering of Ancient Rome's armed forces was of a scale and frequency far beyond that of any of its contemporaries. Indeed, military engineering was in many ways institutionally endemic in Roman military culture, as demonstrated by the fact that each Roman legionary had as part of his equipment a shovel, alongside his gladius (sword) and pila (spears).

Military of ancient Rome - Wikipedia

Roman Military Equipment from the Punic Wars to the Fall of Rome (2nd edition) by M.C. Bishop and J.C. Coulston The authors of this book have gathered a wealth of evidence from all over the Roman Empire's excavated examples as well as pictorial and documentary sources to present a picture of what range of equipment would be available at any given time, what it would look like and how it would function.

The Roman Imperial Legion | UNRV.com

Germanic burial rites, as distinct from Roman practices, included weapons and military equipment; thus the burial goods of Germanic graves both in and outside the empire's borders offer a rich evocation of the money, gifts, and often elaborately decorated military insignia that such service accrued to soldiers (17.192.145; 17.190.697).
