The Memory Palace of Matteo Ricci ()

The method of loci is a strategy of memory enhancement which uses visualizations of familiar spatial environments in order to enhance the recall of information. The method of loci is also known as the memory journey, memory palace, or mind palace technique. This method is a mnemonic device adopted in ancient Roman and Greek rhetorical treatises. Many memory contest champions report using this technique to recall faces, digits, and lists of words. The term is most often found in specialised works

Method of loci - Wikipedia

In "The Memory Palace of Matteo Ricci," Jonathan Spence explores the world of the titular Jesuit, through four Chinese characters found in Ricci's "memory palace." This was a mnemonic device popular in Europe at the time; in using it to help remember China's complicated written system Ricci hoped to impress the literati and gain converts.
